

THE BENEFITS OF MEMBERSHIP

One of the ways Sons of Norway makes the biggest difference in the lives of our members is by providing them with an exclusive and extensive benefits program. In fact, the range of benefits enjoyed by our members is unparalleled in any other Scandinavian-related organization.

Sons of Norway's Viking Magazine

This award-winning monthly publication bridges the gap between Norway and our members. It covers a wide variety of modern and historic topics that are of interest to its readers, including culture, sports, food, historic events and new developments within Norway.

Cultural Experiences

We offer members access to a large assortment of Norwegian cultural information. For example, members enjoy free access to audio language lessons, Cultural Skills programs, and traditional recipes. All of which help members preserve their heritage and share it with future generations.

Travel Benefits

We believe that travel opportunities are important; they broaden the horizons of our members and enrich their lives. That's why we have put together a comprehensive program that offers a number of travel benefits and discounts.

Financial Services

As a Fraternal Life Insurance company, the exclusive sale of our financial products to our members is central to everything we do. Our financial services not only provide a sound future for our members, but their sales also support our fraternal operations and our Foundation's philanthropic endeavors.

The Sons of Norway Foundation

Sons of Norway believes in the importance of making a difference in the lives of our members and their communities in order to make the world around us a better place in which to live. Our Foundation achieves this by offering grants and scholarships to members.
