Lodge Year Mini-Directory

Several Sons of Norway lodges have developed an inexpensive lodge mini-directory for their members. This directory contains useful information for individual members and is helpful for member recruitment. This idea bank installment gives examples of information that can be published in a lodge directory, and also shows a possible layout. The size of the directory could be 8-1/2 x 11-inches and tri-folded, or wallet size and tri-folded. This directory is a more specific, less expensive brochure than the lodge brochure, and should be updated yearly. Make sure to have extra copies to send to new members throughout the year.
