

## Signature Acknowledgement

I acknowledge that I completed an application for the purchase of \_\_\_\_\_ fixed annuity, by providing information to my Agent over \_\_\_\_\_. (Zoom, FaceTime, Skype, etc.)

Prior to granting authorization for my signature, my agent provided explanations regarding the features of the contract(s) and sent me a copy of all sales materials discussed.

With purchasing this annuity:

- I understand an annuity is a long-term contract, anywhere from 3-10 years
- I understand this is a conservative investment and does not participate in the market
- I realize I will only be able to access free withdrawals from 5-10%\* one time per year after the first year\*\*
- I have enough money set aside excluding this annuity to meet my needs and financial obligations

I consented and gave authorization for information that I provided in connection with the purchase of the aforementioned annuity product, including my signature, to be replicated by either the Agent and/or the Carrier into an electronic format.

I understand that by signing this document I am consenting to the electronic application for my purchase submitted to the carrier.

I understand that if the application is submitted electronically that an electronically placed signature appearing on my electronic application is the legally binding equivalent to my handwritten signature.
