Target Market

Clients ages 50-80

Your client would rather not complete a medical exam (or may have medical conditions that would not result in approval with full underwriting)

They want between \$5,000 and \$25,000 in coverage to help cover expenses for funeral costs, medical bills or other expenses

This may be in addition to the coverage they currently have

Many people face unanticipated expenses after the loss of a loved one. Dealing with these expenses and the emotions of a loss can be very stressful. You can help your client prepare for these expenses with the right amount of life insurance.

Without life insurance, families may struggle to come up with the funds they need to provide the funeral service befitting their loved one. Life insurance can help with these expenses and minimize the stress of this phase of life.

While talking about end-of-life is uncomfortable, planning for these expenses is important. Help your clients see how final expense life insurance can help keep their loved ones from paying these types of expenses out-of-pocket.
