Our Mission

The mission of Sons of Norway is to promote and to preserve the heritage and culture of Norway, to celebrate our relationship with other Nordic countries and to provide quality insurance and financial products to its members.

Welcome to Sons of Norway!

We are glad you have joined our distribution team and look forward to earning your business! We hope you will find this guide helpful and easy to use. If you have any questions never hesitate to call us (800) 945-8851

Sons of Norway, a financial services and international cultural organization headquartered in Minneapolis, began with shared values and a simple promise of financial security when like-minded people came together to protect their families, celebrate their culture and strengthen their community.

For more than 120 years, we've lived our mission to promote and preserve the heritage and culture of Norway, celebrate our relationships with other Nordic countries and provide quality insurance and financial products to our members. Now 50,000 members strong, we play an active role in communities throughout North America and Norway.

Sincerely,

Chris Pinkerton
Sons of Norway Member and CEO

Insurance Services Pledge

In order to sell a life or annuity product, we know that there are many steps that must be taken by our Financial Benefits Counselors. Once the application is submitted to our Insurance Services team we want you to have complete confidence that we will do all we can to facilitate a smooth and supportive process which ultimately results in an issued contract.

Life insurance underwriting, depending upon the product, can have multiple variables which contribute to the ultimate rate class. We take pride in underwriting the individual, not just the medical condition. The underwriters at Sons of Norway commit to providing the best rate class available for the proposed insured regardless of how the product was illustrated. We partner with our Financial Benefits Counselors in making sure we are doing all we can to successfully issue the coverage.

Once the insurance contract is in place, we work diligently within our Customer Service and Claims area to provide timely responsiveness and supportive resources to meet all the needs of our insurance owners.

The Insurance Services team at Sons of Norway desires to provide you with the foundational tools that support your success and your client's satisfaction. We are here to help you!

Sons of Norway's Underwriting Edge

Each proposed insured is viewed as a **unique individual** and we assess their medical history based on the specifics of their case by underwriting the individual not just the medical condition

The underwriters at Sons of Norway **commit** to providing the best rate class available for the proposed insured regardless of how the product was illustrated

We partner with our **FBC's** in making sure we are doing all we can to successfully issue the coverage applied for

1035 Tax Free Exchanges

Section 1035 of the Internal Revenue Code provides that certain exchanges of insurance certificates can receive favorable treatment. If the exchange qualifies as a tax-free exchange, the cost basis of the original certificate would be carried over to the new certificate, thereby postponing the recognition of any gain.

Acceptable Exchanges

The following are non-taxable exchanges allowed under 1035 guidelines:

Life insurance to:

- Life Insurance
- Endowment
- Annuity

Endowment to:

- Endowment
- Annuity

Annuity to:

- Annuity

1035 Guidelines

To ensure that clients are protected from taxable situations, follow these rules in making exchanges:

- The new certificate must have the same insured, annuitant, and owner as the old certificate.
- To defer the entire gain, the entire cash surrender value of existing certificates must be applied to the new certificate. Any cash received by the client or loans outstanding at the time of exchange may be subject to taxation in the year of receipt.
- Certificate owners must not actually or constructively receive cash values from exchanged certificates. The existing certificate must be assigned to Sons of Norway.

Transactions Ineligible for 1035 Exchanges

The following are not allowable under 1035 guidelines:

- Cash surrender proceeds of an existing certificate cannot be used to increase face amounts on an existing universal life certificate.
- Cash surrender proceeds of an existing certificate cannot be placed into another existing certificate. Rollover of funds into an existing Sons of Norway certificate will not qualify as a 1035 exchange. The assignment must be made in conjunction with a new application for insurance.

Tax Statements

When a 1035 Exchange occurs, the certificate owner and the IRS will receive a 1099R form indicating an exchange has been made. A "6" will appear under the "category of distribution" section, indicating the 1035 Exchange is a non-taxable event and requires no reporting of income.

1035 Exchange of a Non-Sons of Norway Certificate for a Sons of Norway Certificate

This can only be done on those that qualify for 1035 Tax Free Exchanges.

- Submit completed 1035 Exchange Form (refer to website), including signatures from the proper owners.
- Providing a recent account statement for the policy being exchanged will improve the processing time.
- Submit appropriate replacement forms as required in your jurisdiction.
- Submit with the application at least two month's premium to put the new certificate in force.
- If the new certificate is approved other than as applied for, written acceptance by the insured will be required before initiating the 1035 Exchange.

- Advise clients to continue paying premiums on certificates being replaced. Sons of Norway will not make premium payments or apply for automatic premium loans to pay premiums on certificates assigned to them.
- It may take up to 90 days to receive the funds.
- Headquarters will complete routine follow ups until the funds are received.

1035 Exchange of a Non-Sons of Norway Certificate for a Sons of Norway Certificate

The following procedure should be followed at the time the new application is completed:

- Indicate on the application and the Full Surrender Request Form (refer to website) that a 1035 Exchange is desired.
- Submit appropriate replacement forms as required in your jurisdiction.
