## Naming Opportunities at Sons of Norway Headquarters

# Heritage of the Future Campaign

Honoring our past  
and embracing  
our future

The Sons of Norway Foundation was started in 1966 to share and preserve Nordic heritage, to positively affect our members' lives, and to make Sons of Norway communities better places to live. The Foundation supports these goals through scholarships and cultural exchange opportunities, providing humanitarian aid to members and children in need, and funding community programs that celebrate Norwegian heritage and culture.

*Reserved in Memory of Rigmor Hansen*

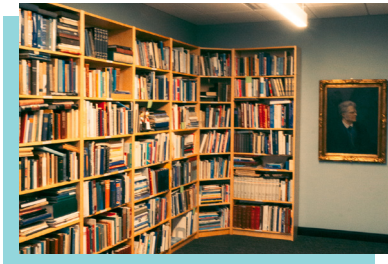

The fireplace entry is the focal point of the new headquarters, visible from bustling Lake Street and immediately when visitors enter the building. With high ceilings and a collection of Norwegian artifacts and Sons of Norway memorabilia, this is a prominent meeting place and informational vestibule for Sons of Norway staff and visitors.

## Board Room | \$100,000

Right in the center of the new building, the large Board Room holds important meetings for the International Board, Foundation Board of Governors and Sons of Norway staff and houses our collection of Scandinavian flags.

The Library houses a collection of Norwegian literature and cross-cultural information and is open to any visitor to Sons of Norway.

## Fireplace | \$15,000

The fireplace is perhaps the most striking feature in the new building and features granite sourced from Norway.

## Art Hallway | \$15,000

The Art Hallway features an installation of Nordic inspired art and Nordic artists. The gallery is visible to all visitors with information on each piece and the artists.

## Nisse (Gnome) Room | \$15,000

## Sitting Area at Lower Front Staircase (plaque opportunity)

The dining space on Lake Street boasts the best way to view the busy streets of Uptown Minneapolis, and as a bonus serves as the main event space for larger gatherings at the new Headquarters. A spot most eyes in the building will be sure to pass by!

## Foyer Benches (plaque opportunity)

Located in the vestibule of the main entrance to the Sons of Norway Headquarters, two benches offer a prime and affordable opportunity to stake your claim on the new building right when visitors enter.
